

Sports.Tech
Powered by Flanders Smart Hub

Unleash technology
Empower sports

ABOUT SPORTS.TECH

Flemish Brabant is home to a unique cluster of research institutes and innovative companies that focus on sports and technology.

Sports.Tech builds bridges between companies, sports clubs, research centers and policy makers by supporting the exchange of information and stimulating applied research & collaboration between the stakeholders.

Sports.Tech embraces new technologies and innovative products and services that offer great opportunities for athletes and help to improve their performances.

SPORTS.TECH NETWORK & MEMBERSHIP

Sports.Tech is a network platform for sports experts, researchers, industry professionals and athletes

Sports.Tech brings together sports & technology experts. The network consists of:

- research institutes
- innovative companies
- policy makers
